*"Oryx did an amazing job, and did it in record time too! I needed several custom planters for our restaurant ... [they] not only made something that was beautiful, they also greatly improved on what I had in mind with their expertise. It was a very tight deadline and they met it happily with no problems at all. They also did some painting and repair jobs for us and everything was done with a great attention to detail. I highly recommend them." - Tania, Owner, Bon Vivant Café & Market, Alexandria*

*"The Oryx team not only worked on our indoor home repairs but gave excellent advice on options that we hadn't even considered. I will definitely be using their services in the future." - Margie, Alexandria VA*

*"Great work! Thank you for finishing ahead of time. The paint job and our bookshelves look even better than we had envisioned." - John, Alexandria VA*

### Our Namesake

Oryx Contractors LLC is named in honor of the African Oryx (Gemsbok). The qualities of the oryx reflect the qualities of our company. The oryx is known for its strength (the horns are able to fend off lions), its ability to make a quick and efficient start (newborn calves are able to run with the herd immediately after birth), its endurance (it can last without water for very long periods), and its commitment to its community (living peacefully while supporting each other in large herds).
